

# 3-D Fish Bowl!

## Materials Needed:

- Paper Plate
- Paint
- Construction Paper or Magazines
- Sand or Gravel
- Glue
- Paint Brush

## Instructions:

Use watercolors or thinned tempera paint to paint the paper plate . Let it dry. This will be the fish bowl.

Children can either draw or cut out colored fish, coral, and kelp from construction paper or magazines. Glue the fish onto the paper plate fish bowl. You can also glue sand or gravel onto the bottom edge of the bowl.
