

# ***Fish Origami Directions***

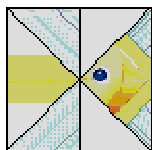

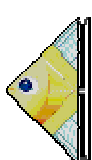

1.  1. Cut out image along outer solid lines.

2.  2. With printed side facing up, fold in half along center line.

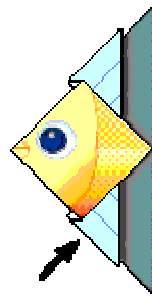

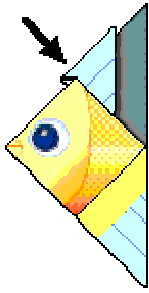

4.  3. Unfold and turn over, so that the printed side is facing down.  
4. Fold along diagonal line as shown.

5.  5. Repeat diagonal fold on the other side.

6.  6. Your Fish Origami should be creased as illustrated.

7.  7. Turn your paper over. With printed side down, fold along creases, forming a "tent" as illustrated.

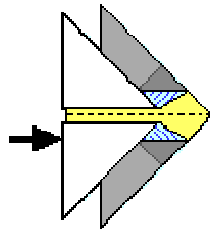

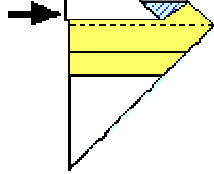

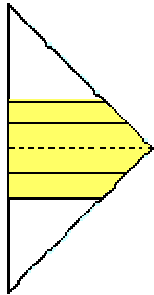

8.

---

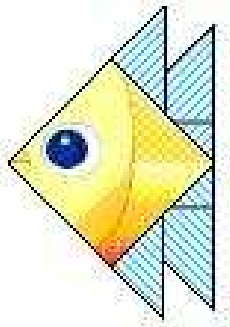

8. Fold the dorsal (top) fin back, then up along solid lines.  
Repeat with ventral (bottom) fin.

10.

---

9. Turn your fish over.  
Fold top tail fin down, then up  
along solid lines as shown.  
Repeat with bottom tail fin.

Turn your fish over and you're done!
